Pavan Kumar Verma

B.Tech CSE (AI & DS) Student | Frontend & Backend Developer | React, FastAPI, MySQL | AI/ML & Data Science Enthusiast | Building Smart Web Projects

Raghurajnagar, Madhya Pradesh, India

Summary

Currently pursuing a Bachelor of Technology in Artificial Intelligence at AKS University, Satna, with an expected graduation in May 2027. Gaining hands-on industry experience as a Student Intern at Tata Consultancy Services (TCS) and MPOnline Limited, focusing on software development, web technologies, and project management. Academic and professional exposure has strengthened their foundation in project planning, full-stack development, and database management. At both TCS and MPOnline Limited, they have contributed to technical projects while collaborating with cross-functional teams and learning professional communication practices. Their goal is to bring innovative, AI-driven solutions to industry challenges while fostering teamwork and continuous learning. Through academic training and real-world experience, they aim to contribute meaningfully to organizations seeking to leverage technology for impactful outcomes.

Experience

MPOnline Limited

Intern

December 2025 - May 2026 (6 months)

Satna

Finished a 5-month internship at MPOnline Ltd., gaining practical exposure to industry-level workflows, professional communication, and real-world technical project experience as part of my B.Tech CSE academic training.
